Information Commissioner's Office,
Wycliffe House,
Water Ln,
Wilmslow,
SK9 5AF.

Dear Sir/Madam,

I am writing to formally complain about Herefordshire Council's failure to respond to my Subject Access Request (SAR) within the legally required timeframe. Despite the statutory period of one month, my request has remained unanswered for over two months twenty-six days, significantly delaying my ability to seek redress.

Additionally, I must highlight the concerning issue of your staff previously assisting Herefordshire Council in concealing data and unauthorised surveillance and monitoring of my social media and website over several years, causing significant distress and resulting in actual irreversible harm. More recently, there have been additional actions amounting to further spoliation of evidence.

Given these serious breaches, I urge the Information Commissioner's Office to issue a Compliance Order to Herefordshire Council, providing a copy of said order to me, to address this failure promptly and ensure adherence to data protection regulations.

I look forward to your immediate attention to this matter.

Sincerely

C. Bury
