Mr C. Bury,
[redacted]
30-10-2024

Customer Service,
(Dept. Responsible for Vehicle Towing),
Herefordshire Council,
Plough Lane,
HR4 0LE.

Dear Sir/Madam,

I am writing to formally request full details and an explanation regarding the proposed towing of a vehicle parked on private property at [redacted]

It has come to my attention that a large sticker (copy of image of sticker attached) was placed on the vehicle prior to [redacted] 2024, though no formal notice was provided to the registered owner, nor has any further information been communicated.

Please provide:

1. The reason for the proposed towing and any specific regulations under which this action is being taken.

2. A copy of any official documentation authorising this action, including copies of any relevant photographs, reports and communication (internal and external).

3. Clarification on the required notice period and whether this notice period was fulfilled in accordance with the relevant regulations.

Given the history of repeated and vexatious actions directed at me by council colleagues, I view this recent action as part of a troubling pattern of behaviour that contributes to psychological abuse.

I am therefore formally requesting that this matter be handled with full transparency and adherence to proper protocol to avoid further unnecessary escalation and/or additional harm by Herefordshire Council, its staff or associates to my health and/or well-being.

I look forward to receiving your response and any accompanying documentation within a reasonable timeframe, e.g., 7 days before the proposed towing.

Sincerely

[redacted]

Mr C. Bury
