Dear Ms C [redacted]

Having reviewed an email communication between you and Herefordshire Council staff, which can be viewed on our blog <http://www.whileincare.info/2017/06/22/poor-nail-hygiene-recurrence/> I take issue with your claim of not recalling photo's I showed to you at our meeting on 14th September 2017, particularly your comment that my brother's ill-fitting clothes were addressed.

You state "the t-shirt seems to have been shuffled up and therefore it looked to short." It was not "shuffled up" as you imply, it fit extremely poorly, as is evident in the photos on our website. <http://www.whileincare.info/2017/02/04/photos1/>

In my opinion, your involvement and wilful ignorance allowed ill-treatment and inadequate care and support to continue without question.

I shall seek redress.

Sincerely
C [redacted]

Dear Ms G [redacted] The role you have played in the neglect and institutional abuse of my vulnerable autistic brother is not forgotten. I shall seek redress and justice.
