[redacted]

22—01-2025

Mr Paul Walker,
(For Your Personal Attention)
Chief Executive Officer,
Herefordshire Council,
Plough Lane,
HR4 0LE.

Dear Mr. Walker,

I am writing to follow up on my previous correspondence, as I have yet to receive any direct response from you concerning my letters dated 24th December 2024, 22nd November 2024, 22nd October 2024, 23rd September 2024, 28th July 2024, and 12th May 2024. These letters have gone unanswered despite my explicit request for your personal written acknowledgment of my intention to appeal to the Court of Appeal.
Your continued inaction is causing undue harm to my pursuit of justice.

It is deeply concerning that I have not received the courtesy of a direct reply from you, especially when the matters at hand are as serious as those involving unauthorised monitoring, attempted concealment, and the potential administrative negligence by individuals such as Mr. O'Connor and Ms. Claire Porter, both of whom I perceive as having conflicts of interest in this matter. The lack of response raises concerns about whether due process is being upheld.

Additionally, I must highlight that you have once again failed to address my Subject Access Request (SAR), specifically regarding the records the council holds concerning my vehicle, which I previously requested from you. This ongoing disregard for my requests, and your continued failure to comply with data protection regulations, only deepens my concerns regarding your handling of this matter.
I would like to remind you that data protection laws are clear, and the council’s failure to respond to this matter is both inappropriate and unacceptable.

I must reiterate my request that you confirm receipt of this correspondence and provide a personal written acknowledgment of my intent to appeal to the Court of Appeal. I also seek clarification on the next steps in this process.

Further delays or inaction on your part will only exacerbate the situation, potentially causing greater harm to my case and leaving me with no option but to pursue alternative measures to safeguard my rights.

Council Tax Backdating Refusal

I remain That the refusal to backdate my council tax demonstrates a dismissive and uncompassionate approach, which I regard as unreasonable and ableist. As a result, I have escalated this matter by contacting my MP to seek further support and intervention.

Data Protection Breach

In light of the previously verified data protection breach by Herefordshire Council, and further ignorance of my SAR regarding my vehicle, I must again highlight that not all requested records were provided, despite their existence being declared by both Ms. Porter and Mr. O'Connor. Specifically, I have yet to receive:

1. True copies of all 145 individual emails declared to have been sent to and received by councillors, regarding the IPT case as referenced in Ms. Porter's statement to the Investigatory Powers Tribunal and the Notice of Decision letter (point 6).
2. True copies of all emails received by councillors requesting assistance in obtaining authorisations, including court orders, held by the council for repeated visits and monitoring of websites and social media.
3. Delivery reports confirming the alleged 145 individual emails were delivered to the intended councillor recipients.

Furthermore, given that the council has once again failed to comply with the Data Protection Act, specifically Section 173(3), regarding the data provided, and no response has been received other than Mr. O'Connor's spurious claim regarding data protection, on 17th December 2024, I will be contacting the Information Commissioner's Office (ICO) to escalate the council's additional and repeated non-compliance with the GDPR.

Additionally, I am staggered by the extent of the abuse of power, deceit, discrimination, and harassment actively perpetuated by your colleagues, particularly Ms. Claire Porter and Mr. Sean O'Connor, who I perceive as having a direct conflict of interest in matters.
I have formally requested that the Solicitors Regulation Authority record my concerns on file.

Vehicle Towing Records

Lastly, having been ignored in my request and follow-up letter asking for copies of details and records about the proposed towing of my vehicle, which is parked on private land, I will also escalate this matter to the ICO due to the council's repeated disregard for GDPR compliance.

I trust you will now give the matter of my Court of Appeal intention the attention it demands by directly acknowledging this letter and confirming both the receipt and personal acknowledgment of my earlier correspondence in writing.
Furthermore, I expect the council to comply with the Data Protection Act and GDPR in future, ensuring that staff receive adequate training on these matters.

Timely and transparent communication is essential to resolving these issues fairly and appropriately.

Sincerely,

Mr C. Bury
