Dear Mr B [REDACTED]

Inappropriate Contact towards a Gloucestershire County Council employee

I am writing to you regarding your recent contact with Ms G [REDACTED] via Facebook Messenger and the content of your website whilstincare.info, where you mention both Ms G [REDACTED] and Gloucestershire County Council.

The council is very concerned about your behaviour, and the effects this is having on Ms G [REDACTED] personally. The council will not tolerate anyone behaving in such a way toward a member of its staff and ask that you stop attempting to contact Ms G [REDACTED] and also remove the posts from your site immediately that name her and the council. The council also ask that you do not post any further such material.

The police have also been contacted about your behaviour and want to be kept informed if your harassment of Ms G [REDACTED] continues.

You have been told to have your concerns addressed by Herefordshire Council and we ask again that you do this. Please stop attempting to contact Ms G [REDACTED] and posting about her and Gloucestershire County Council on your website. If you do not then we may seek further legal advice with a view to taking further action.

Yours sincerely

[REDACTED]

Dawn Porter
