

Mr. C. Bury,

Mr S. Vickers,
Director for Adults and Wellbeing,
Herefordshire Council,
Plough Lane,
Hereford,
HR4 0LE.

Dear Mr Vickers,

You have grossly ignored every email and letter regarding the return of property to me since you permitted your colleagues to fabricate criminal offences against me which failed, and which has delayed redress.

I also remain without the declared detailed police report promised to be given to me during a meeting with your colleagues, including legal representative, who accused and me of being a cybercriminal.

Additionally, you permitted your colleagues to submit erroneous witness statements to The Court of Protection and have caused a distressing impediment not only to my seeking legal redress but many months of delay to a much needed CHC funding assessment for my mother, a dedicated and caring person who was a foster parent for almost four decades. An assessment that was conducted by an inexperienced social worker who had also used cut and paste and created factitious and inaccurate information from outdated records.

Further, I feel I should remind you of the purpose of a local authority and your task as the nominated responsible individual representing the local authority for adult social care, by quoting the considered words of Justice Lord Munby.

'The local authority is a servant, not a master, a truth which on occasions is too easily overlooked.

Vulnerable adults and their carers, look to the State - to a local authority - for the support, the assistance and provision of the services to which the law, giving effect to the underlying principles of the welfare state, entitles them.

They do not seek to be "controlled" by the State or by the local authority. And it is not the State in the guise of a local authority to seek to exercise such control. The

State, the local authority, is the servant of those in need of its support and assistance; it is not their master.

And any attempt to control is likely to be nothing but counter-productive when it comes to a local authority 'working together', as it must, with family carers.'

Therefore, so I may pursue legal redress. For safe-keeping, I require you to send to [REDACTED] of [REDACTED] Legal Limited, whose business postal address is below, all the property intercepted and confiscated; within the next seven working days, along with the detailed police report that your colleagues claimed Herefordshire Council hold.

For convenience, I have listed below, the items to be returned:

LED monitor,

LED RGB Keyboard,

Mouse,

Speakers and bass box,

Logitech webcam

White Gigabyte motherboard box containing recovery discs, manuals and parts.

I look forward to hearing my property has been returned undamaged, in the same condition it was before being taken, along with the declared detailed police report.
