Dear Ms Harvey,

I duly note your organisation ignored my recent message requesting for you to response.

Therefore I insist that you provide, in writing, full details of your organisation and advocates decision, involvement and presence at a meeting to deny my brother of private & family life and of attending our mother's funeral with me.

Further, I am mindful of the fact, after providing previous evidence of negligence of your colleague Mr B ■ S ■■■■■, your second advocate provided to my brother, Ms L ■ E ■ lied to a reporter. While the third advocate, Ms T ■■■■■ C ■■■■■, disregarded my brother rights and has assisted in destroying over four decades of family life.

Where you refer to government guidance or legislation, please cite such precisely.

I look forward to your response and welcome an early reply.

Sincerely

Mr C. Bury
