

Mr Chris Bury,

21/10/2020

Councillor [REDACTED]  
C/O Democratic Services  
The Shire Hall  
HR1 2HX

Dear Councillor [REDACTED],

I start my letter by thanking the handful of councillors who responded to my previous correspondence and forwarded my letters to Mr Stephen Vickers (Director of Adults & Wellbeing).

Since my previous letter some weeks ago, Mr Vickers has unfortunately ignored my request, passing the handling to a colleague who was active in fabricating criminal offences against me, Ms A [REDACTED] M [REDACTED]. The said individual has again refused to return property, and the declared detailed police report securely to the solicitor I requested.

Additionally, since sending my request and also asking for a copy of a distressing and threatening letter sent to me by Herefordshire Council in December 2016, my electronic communications are again blocked and redirected. Such coincidentally occurring after I emailed a transcript of a telephone conversation which I had with your council solicitor Ms K [REDACTED] C [REDACTED] regarding my vulnerable brother, his poor care and the threats made against me.

A verifiable transcript of the specific phone call with Ms C [REDACTED] is attached.

Further, my communications to Mr Vickers, to date, have been met with significant, avoidable, yet deliberate delay and evasion, and forced alienation from my brother who I have not been permitted to see since 7th March 2020; two weeks before our dear mother, with great sadness died.

Subsequently, my brother was denied of attending our mothers funeral with me and without notice until an email was sent by The Priory Group mere minutes before the service and a phone message from the council picked up on my return home.

Therefore, I will next write to MP's and Lords, with consideration of providing an affidavit.

Sincerely

[REDACTED]  
C. Bury

**Transcript of Phone Call with Herefordshire Council Solicitor K [REDACTED]  
C [REDACTED] - K [REDACTED] C [REDACTED] 19<sup>th</sup> December 2016 [REDACTED] am**

The transcript below is one of many, is accurate and as mentioned verifiable, in contrast with records I have experienced your council create over several years, including those submitted to the Courts.

**START**

KC: Morning Mr Bury its Kate Coughtrie

CB: Hiya there, um I just want to know if this letter is the council's official response and Ms Cattermole's allegation that I'm potentially breaking my mother and brother's human rights?

KC: Well, clearly that's the response that Sam Cattermole has sent to you, so yes it is the council's response. I can't give you any legal advice on it obviously because I give legal advice within the council, um clearly if you're not happy with it then this next stage is that you can proceed with and obviously seek your own legal advice.

CB: Ye' that's what I'm doing at the moment.

KC: Ok

CB: ye', because this poor care of my brother and that has gone on too long

KC: Right

CB: And allegations now that I'm breaking his and his mother's human rights, uh that's incorrect, I've been trying to get him over here.
