

## Notes for draft copy of minutes for [REDACTED] July 2017

L [REDACTED] E [REDACTED]'s role should be identified as Care Act Advocate

N [REDACTED] H [REDACTED]'s role should be identified as minute taker

I mentioned a DoLS would not be needed if his care was adjusted so that he does not need a DoLS in place.

### Discussion Notes Paragraph 3

#### General

I spoke about the neglect of my brother's mandatory right to support his weight and diet, S [REDACTED] also mentioned having concerns around my brother's weight. I informed that the council had refused a dietician after one was requested by the G.P.'s surgery.

Letter from Priory Group to me was identified as a breakdown in communication with the provider.

I mentioned that I had evidence of my brother's medication being wrong on occasions, including Lamotrigine for three months and that he had had seizures, of which his family or I were not informed.

I also mentioned the professional who identified concerns of fluid restriction and diet.

I mentioned the 1 to 1 care that was not provided and had been reduced.

### Discussion Notes Paragraph 4

Dr K [REDACTED]

I mentioned log files that were questionable to what my brother was claimed to be doing.

### Discussion Notes Paragraph 5-8

L [REDACTED] E [REDACTED]

Mentioned she was stunned and horrified on leaving H [REDACTED] H [REDACTED]. Noted his bed was not made and his bathroom was not very clean.

Note: Skype was only used on a large TV at his family home during a visit.

L [REDACTED] said my brother should have person centred activities.

### Discussion Notes Paragraph 9

A [REDACTED] J [REDACTED]

I informed A [REDACTED] my brother had a J [REDACTED] account I had setup some time ago.

A [REDACTED] also mentioned about skype but was told the internet signal in L [REDACTED] S [REDACTED] was weak. Also mentioned my brother now has a printer installed in his bedroom.

(His printer we purchased some time ago, I from checking orders it was an [REDACTED] [REDACTED]).

discussion Notes Paragraph 10

## Benefits and Burdens

I informed all about the none therapeutic use of Diazepam

I mentioned my brother had several changes of carers while at H [REDACTED] H [REDACTED]

I requested that my brother was supported, when moved, to find and make a small circle of friends

Dr K [REDACTED] agreed that a move should be properly planned and carefully implemented

L [REDACTED] would like a 24-hour care package with less restrictive support

I said if I had support for mum I could help my brother settle into a new environment

Dr K [REDACTED] mentioned a contingency plan should be in place

L [REDACTED] Would like to give opinions of placements when S [REDACTED] and I visit and look at them

S [REDACTED] wants the LD team involved and continuation
