Dear Councillor ██████████
C/O Democratic Services
The Shire Hall
HR1 2HX,

Dear Councillor ██████████,

As of writing this letter, it has been 202 tortuous days of waiting since Herefordshire Councils most recent aggressive & vexatious letter proposing costly legal action against me.

No formal written notice has been received, nor any letter of retraction and apology for the accusations that I have been inaccurate and untruthful.

Additionally, I invite councillors to comment regarding the short recording of a phone conversation between me and the Herefordshire Council solicitor, Kate Coughtrie, from 2016, and the more recent letter to a colleague dated August 2020.

This can be accessed via the link provided below and is just one example of deception & dishonesty employed by some staff within the council who have obligations to the vulnerable and their family members.

Councillors can send acknowledgements and/or comments to me at the following email addresses:

I look forward to receiving your response.

Sincerely

C. Bury
