

Mr C. Bury,

20/10/2021

Dear Councillor [REDACTED],

I share with you the latest threatening & vexatious letter received from Herefordshire Council.

In doing so, exercising my democratic right, noting and notwithstanding the reemphasised insistence in the letter that I once again relinquish said right.

The letter edited by Ms Kate Coughtrie (deputy solicitor) was sent to me via email from Ms Mandy Appleby (assistant Director of Adult Social Care).

As a side note, Ms Appleby previously ignored evidence and created erroneous records since 2016.

As with previously received letters of threats and accusations over past years, a part redacted copy along with my comments and remarks can be viewed on the website at the following address, with an update to follow:

Additionally, I consider the letter part of a long-running campaign of prejudice, deception and harassment for my exposing neglect and ill-treatment of my vulnerable adopted brother, resulting in losing him to The Priory Group.

Lastly, I ask councillors to record for future reference I state it was not I who was dishonest, deceived, misled or supported such, but specific Herefordshire Council social care and legal staff, including for legal records.

Sincerely

[REDACTED]
Chris Bury
