

Mr C. Bury,

Mr Paul Walker,
Chief Executive Officer,
Herefordshire Council,
Plough Lane,
HR4 0LE.

Dear Mr Walker,

I write regarding the following.

Having requested legal notice be served several times since Herefordshire Council's most recent vexatious letter from Ms Mandy Appleby & Ms Kate Coughtrie, declaring once again proposed legal action against me, with all such requests met with complete failure to respond.

I now insist you intercede and provide such notice without further delay and within 10 working days.

The delay in providing said notice and redress after many statements of legal action against me, allegations that I have lied, and I additionally discovering numerous LA staff have been directly surveilling and collecting information regarding my private life and interactions with others through social media and news articles, declaring such as 'evidence' and 'investigation work' without lawful authorisation, I consider it a flagrant disregard of law, rights and no less than sanctioned local authority psychological abuse.

I look forward to having Herefordshire Council accusations, allegations and other matters resolved in a court of law.

Sincerely

Chris Bury
