

Mr C Bury

Dear Mr Bury

I refer to your letter dated 5<sup>th</sup> September 2022. You do, of course, have your own perspective of issues affecting you and the actions of the Council or individual Officers. I am new to the Council and have limited personal knowledge of past issues affecting you.

However, the key issue for me is that I would like, please, to draw a line under this matter which is why I clarified the Council's intentions going forwards.

Regarding the spelling of my name you are completely right.

Yours sincerely

*Francis Fernandes*
