13/09/2017 at 11:58

[REDACTED] Chris Bury (brother) R [REDACTED] C [REDACTED] (Social Worker) and myself [REDACTED] Social Worker) met to discuss the plans for a supported living option for [REDACTED]. [REDACTED] was positive that he could provide a 24hr service that would really enhance [REDACTED] quality of life. Chris was very positive about this option and was happy for the provision to be looked at. He stated that he was fine just being kept in the loop, with updates rather than having to attend all meetings.
