Dear Sir/Madam,

Ref: IC-28 [REDACTED]

I have received nothing from Herefordshire Council nor Forcepoint since your Lead Case Worker (Will Shepherd) promised to forward my ignored SAR that was sent to their service provider (Forcepoint) and he refused to provide guidance or advice on how to proceed regarding the legal issue of obtaining the information.

Therefore, I request that the ICO follow up on this matter as your reluctance has likely contributed to further spoliation of evidence data.

Additionally, stating staff are not legally trained regarding data protection advice is a concern in itself in consideration that the ICO is tasked, as stated on the government's site, to uphold information rights in the public interest, promoting openness by public bodies and data privacy for individuals.

I look forward to your response.

Sincerely
Chris Bury
